

Creating Brighter Futures

NOW OFFERING SPEECH THERAPY!

Creating Brighter Futures is excited to announce the start of our new speech therapy program. Speech therapy is offered to children with varying diagnoses and communication deficits ranging in ages from 18 months to 18 years. Therapy services include evaluations, treatments, home programs, and parent education. If you are concerned about your child's speech and language skills, please call us to schedule an evaluation.

For more information contact Rachel
